

Africa Arise

Now is the Time to Rise!

Creed

We believe it is the destiny of Christ-followers, fully submitted to the leading of His Spirit, to gain victory over the Kingdom of Darkness, and establish God's Kingdom on earth as it is in Heaven.

We believe our present generation could be the one to rise in Christ and gain this victory.

We believe the foundations of man-made church institutions and traditions are crumbling around the world, in eager anticipation of the true fellowship of Spirit-led sons and daughters of God emerging to lead The Way.

We believe God is raising the present generation of African Christians as the vanguard of our destined victory. He has abundantly imbued in us the strength, character, faith and every spiritual gift necessary to lead the world to victory.

We believe that what man has long called "The Dark Continent," God is raising to be the Continent of Light for current and future generations. We believe it is possible in Christ for Africa to quickly transform into the greatest continent on the planet, by every measure.

We believe numerous demonic strongholds have long held back Africa from her full potential, including economic and spiritual colonialism, divisive tribalism, and demonic native traditional religions, which are manifest today in part by rampant corruption, self-doubt and diaspora.

We believe that, under the headship of Christ, His Body – the true Church – holds the full authority of Heaven, and that no stronghold of satan or the antichrist can stand in our way. When we rise in Christ, they must crumble and flee.

We believe it is time today for the Body of African Christians to rise in our anointed destiny, pull down every stronghold in our way, and boldly manifest our unique expression of God's Kingdom, to take our place in preeminent global leadership.

We know the pursuit of this destiny will require extreme hardship and personal sacrifice. We have counted the cost, and are willing to pay it as called by God, with certainty of our eternal reward in Heaven.

We know that any true gains are only possible and beneficial when led fully by the Spirit, driven by Love, and pursued in Unity.

We commit to laying aside all personal ambitions and earthly rewards as we seek solely to attain the manifestation of God's Kingdom – the Kingdom of Love – on earth as it is in Heaven.

Father, we thank you that our destiny is victory! Let us rise, and use us as You will!
